The Montreal Dental Club was founded in 1897. The main objective of the nine founding Montreal dentists was to create a forum for sharing and learning, while seeking solutions to the dental problems of their time.

In keeping with that long-standing tradition, membership in the Montreal Dental Club provides you the opportunity to continually expand your dental knowledge in a professional and friendly atmosphere. Every year, the Montreal Dental Club offers more than the 30 required ODQ credits, with a variety of interesting and relevant lectures. To become a member, fill out the application form below, and mail it to the above address.

**Join us as we broaden our horizons.**

*\*Note: All Montreal Dental Club lectures are presented in English.*
